

A diagram of a rectangular prism (cuboid) with vertices labeled as follows: the bottom face has vertices A, B, C, D, E, F; the top face has vertices A₁, B₁, C₁, D₁, E₁, F₁. The prism is oriented such that the front face is A-B-E-F, the right face is B-C-D, and the top face is A₁-B₁-C₁-D₁-E₁-F₁. Dashed lines indicate hidden edges.
